## President's Message

You all know that Don Schroeder is currently serving his second term as Lt. Governor of Division 18. We thank him for lending us his expertise for these last two years. Don has done a very good job as Lt. Governor, but he will not accept a third term. He told me that he is planning to do a lot of traveling next year.

We are now searching for a replacement, and Don promises that the job is easy because of the good people that you get to work with. Do any of you past presidents have some extra time to devote to Kiwanis? What could be better than serving as Lt. Governor? If you cannot take this job on yourself, can't you help us find someone who will?

Retiring Lt. Governor Don Schroeder looking back at his two years.

If you want to serve, let me know or contact Don directly. Don's e-mail address is [jds13@prodigy.net](mailto:jds13@prodigy.net). Some of you might want to nominate a candidate but are apprehensive about recruiting them. Give your suggestions to Don or me, we will take it from there. We need to identify Don's replacement soon, so we will have a smooth transition.

### - In Case You Missed it!

Nicole's new hat. Never wanting for new ideas, Nicole suggests we get Kiwanis club hat pins (and other stuff) to swap at interclub events, such as conventions or midwinters. What a great way to meet other Kiwanians.

Speaking of pins, here is one pin **Buck Porter** will not be swapping, as Joe Hillier presents his 23 years of Perfect Attendance pin. Congratulations Buck.

President-elect **Steve Miles** presents a mini-program on what it is that he does... professionally speaking of course. As an engineer for Austin Brockenbrough Associates, Steve designs roads for VDOT. Steve was quick to add that they don't do bridges or other structures ... especially the ones that people complain about.

The club is planning another Car Seat Inspection program in the near future. No date has been set Be sure to look for news on this upcoming event.
